Spring 1 2012 Session:

February 13 (Monday) - May 12 (Saturday)

Registration begins:

Presently Enrolled:

Drop Off Registration Jan. 23-28

Not Presently Enrolled:

Sunday January 29, 7:30-10:30AM

Other dates will be available for registration

Spring 2 2012 Session:

May 14 (Monday) - June 24 (Sunday)

Registration begins:

Presently Enrolled:

Drop Off Registration Apr. 23-28

Not Presently Enrolled:

Sunday April 29, 9:15-noon

Summer Sessions

Monday thru Friday classes

June 25 - July 6 (2 weeks)

July 9 - 20 (2 weeks)

July 23 - 27 (1 week)

July 30 - August 3 (1 week)

Saturday classes

June 30 - August 4 (6 classes)

Registration TBA

“Swimming is unique among all other sports in that it is not just an enjoyable recreational activity, but it is an essential life skill that can save your life or help you save the life of others. The World Health Organization has estimated that as many as 500,000 persons drown each year and in many parts of this country drowning is one of the leading causes of accidental death among school age children. In fact, drowning causes so many deaths that it is frequently classified as a disease. But this is one disease that has an almost 100% foolproof cure - swim lessons.”

- *Swimming Hall of Fame*

While we begin to offer classes as early as age 4, some children are still too young to fully gain the benefits of a swim lesson. We have not had much success with the child who is carried in arms to the poolside or with the students who are promised they will never have to put their faces in the water. Teachers, parents and students all need to be brave facing the challenge of this new experience yet sensitive to the individual needs of the child. We treat each child with respect, realizing that development may be varied and inconsistent. For some, swimming will not be learned easily, while others pick up the activity quickly and effortlessly. Each student will be encouraged to progress at his or her own rate.

Students are to be on deck 5 minutes before the scheduled class. Have them use the facilities and positively prepare for the lesson. One piece suits and bathing caps are required on ALL girls and boys with long hair. Goggles are optional but most will want them. Pick up a Metro Swim Shop 10% discount card. Please no masks, goggles that cover the nose, nose plugs, water shoes, rash guards or wet suits. There is a 10 minute locker use after class.

Make up classes will be offered if a class has space available but never on the first or last days of a session. Please call if you know you will miss a class so that we can use that spot for a make up opportunity. Call the office on Saturday at noon for the week following.

Report cards reflecting what the child has learned and what needs to be improved will be issued April 22 - 28 during regularly scheduled classes. Reports will indicate where the child should be registered for the Spring 2 session.

Observation week will be in the final class of the session, February 6 - 12. Parents and families may visit classes ONLY on these dates.

Promotions or moving up in levels will be done when all skills have been adequately achieved and the instructor gives the okay. This could happen at any time. We will not waste time at Berkeley at any level.

Private lessons can possibly be arranged through the aquatic office or call 908 464 1995. Students must be at least 4. Lessons are \$40 per thirty minutes or \$45 for two students of the same family.

The enclosed registration form reserves your place in a class. Payment in full must accompany your registration. The Berkeley Swim School reserves the right to cancel any class in which there is not sufficient enrollment. Class fees are non-refundable after the first class. There will be a 25% fee charged for any cancellation. We accept checks or cash.

Where does my kid belong?

Mommy, Daddy, Aunt, Uncle, Grandpa, Grandma, Nanny, etc. and Me

(age 3&4, in water experience): The range of these young students is from a fearful child to those who are ready to join the regular Berkeley Swim School. The adult will get some exercise and socialization while the child will experience skills such as exhaling under water, floating, kicking and arm strokes on both front and back and rotary breathing. This class will move constantly so as to enhance the exposure to water. Most of these students have gone on to be successful in more formal classes.

Get Wet (age 4, 5, K – must be 4 to start a session): Students have not full submerged while blowing bubbles and are not yet crossing the pool on their backs while using a propulsive kick comfortably. This class will prepare students for the Beginner 1 level.

Beginner 1 (age 4, 5, K – must be 4 to start the session): Students must be comfortable in the water and will put their faces in water and can kick on their backs 40' with a noodle behind their head. Instructors will emphasize a strong kick, rotary breathing, sculling, and a balanced body position. This class will prepare students for the Advanced Beginner 1 level.

Advanced Beginner 1 (age 4, 5, K – must be 4 to start the session): Students have passed all Beginner 1 skills. While not performing perfect lateral breathing patterns, they have a propulsive kick on front and back, can listen and follow directions, recover arms over water and streamline off walls. This is the highest level achieved before entering the 1st grade.

Beginner 2 (1st Grade – 9 Years): Students have not yet learned rotary breathing in coordination with arm strokes and a propulsive kick.

Advanced Beginner 2 (1st Grade – 10 Years): Students have passed all Beginner 2 skills and are proficient in freestyle and backstroke. Instructors will emphasize bilateral breathing, breaststroke and dolphin kicks, somersaults and elementary backstroke.

Intermediates (ages 8-11): Students have passed all Advanced Beginner skills including bilateral breathing, elementary backstroke, dolphin kick, breaststroke kick and a front somersault. Instructors will emphasize coordination of breaststroke and butterfly, flip turns and endurance. This level is taught in deep water.

Young Adult “B” (ages 10-13): Beginner and advanced beginner level swimmers interested in learning and improving crawlstroke and backstroke. This level is taught in shallow to deep water.

Young Adult “A” (ages 11-14): Intermediate level students who wish to coordinate the breaststroke, butterfly, and flip turns and improve endurance. This level is taught in deep water and will help prepare students for swim teams and lifeguarding.

Recreational/Lap swimming hours are available for \$4 per visit. The schedule is posted online.

Spring 1 2012 The Berkeley Swim School

February 13 (Monday) – May 12 (Saturday) 13 weeks; no class 4/8, 5/13
